

Merging or deleting a email list

You may wish to merge or delete an email list if:

- An email list was temporary (e.g. project that has finished)
- Local group isn't functioning any more
- You might want to merge two smaller local groups to form a bigger stronger one.

For any requests like this, please [contact the Action Network Data Team](#)

Please don't struggle trying to download and re-upload email address. This can be done in a quicker and easier way by the Action Network Data Team. Don't be afraid to ask for help on things like this. We're here to help.
