

# Monitor your forms or events

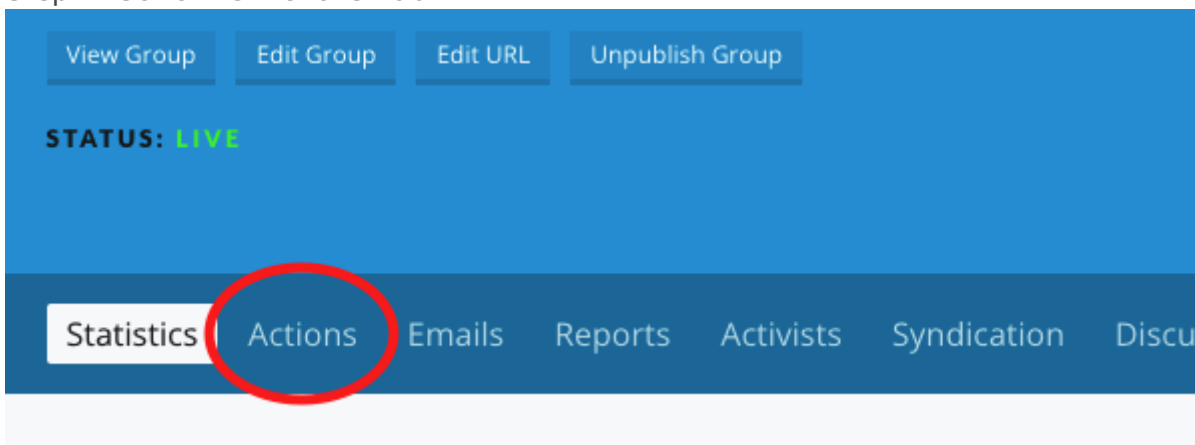

You may want to **learn more about forms and events** before reading this page.

Here are three ways to keep an eye on your sign up forms (or other data collection forms).

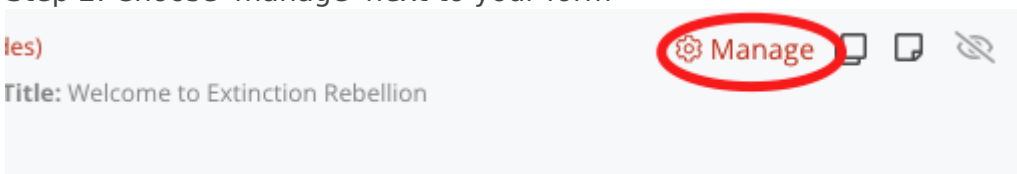

1. View the last 100 activists who signed up
2. Get an email every time someone uses your form/event
3. Make a report of all who have signed up on your form/event

## 1. View the last 100 activists who signed up

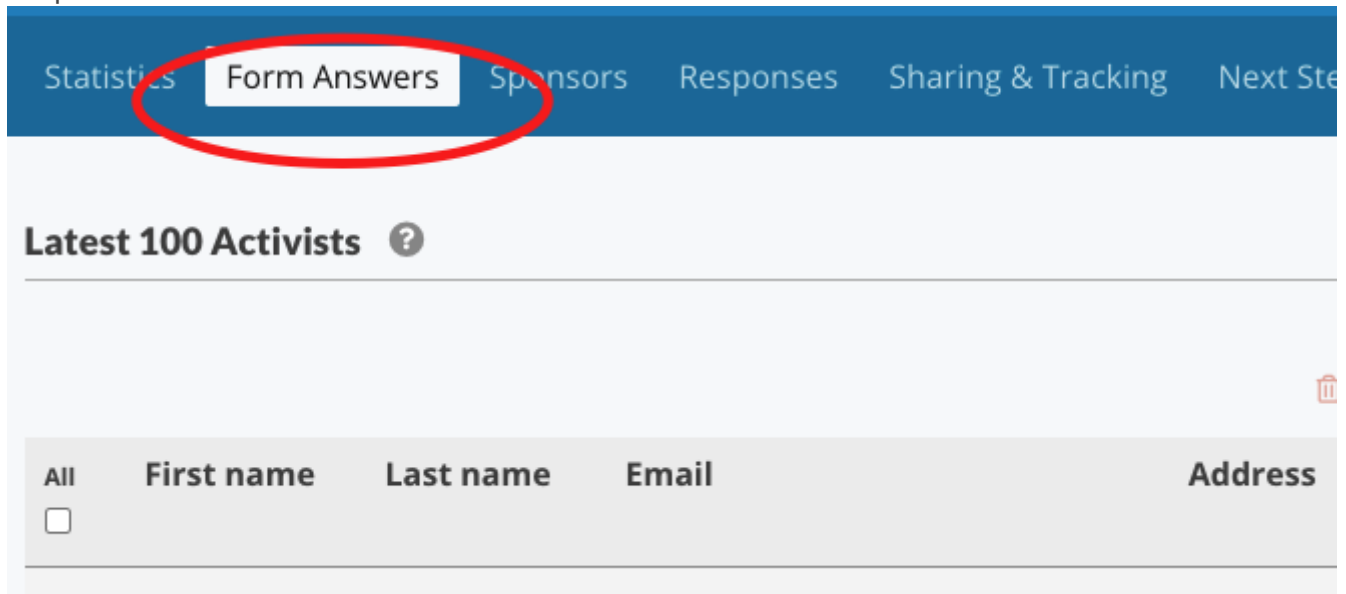

Step 1: Go to the 'Actions' tab

Step 2: Choose 'manage' next to your form

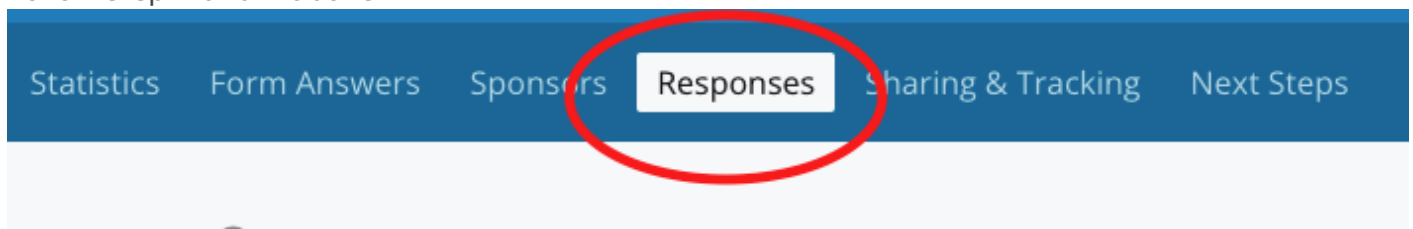

Step 2: Click form answers

The screenshot shows a dashboard with a blue header bar containing navigation links: Statistics, Form Answers, Sponsors, Responses, Sharing & Tracking, and Next Steps. The 'Form Answers' link is circled in red. Below the header, the section is titled 'Latest 100 Activists' with a help icon. A table is partially visible with columns: All, First name, Last name, Email, and Address. The 'All' column has a checkbox.

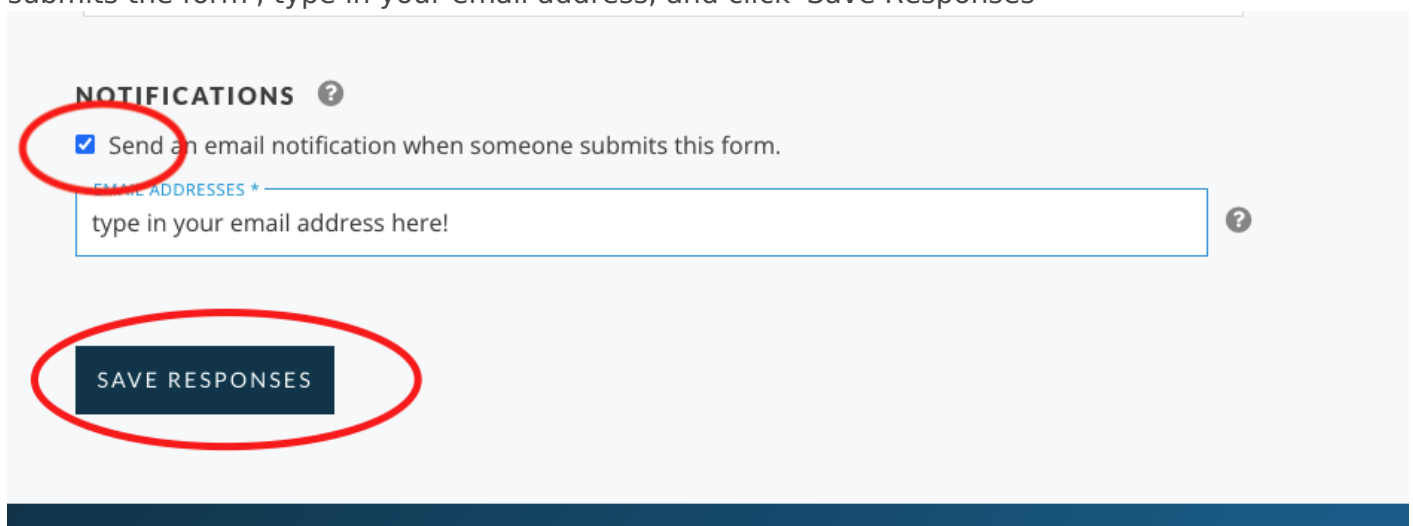

## 2. Get an email EVERY time someone uses your form

Follow step 1 and 2 above

The screenshot shows the same dashboard with the 'Responses' link circled in red. The navigation bar includes Statistics, Form Answers, Sponsors, Responses, Sharing & Tracking, and Next Steps.

Step 3: Scroll down to the bottom and tick the box 'Send an email notification when someone submits the form', type in your email address, and click 'Save Responses'

The screenshot shows the 'NOTIFICATIONS' section with a help icon. A checkbox labeled 'Send an email notification when someone submits this form.' is checked and circled in red. Below it is a text input field labeled 'EMAIL ADDRESSES \*' with a placeholder 'type in your email address here!' and a help icon. At the bottom, a dark blue button labeled 'SAVE RESPONSES' is circled in red.

## 3. Make a report of all who have signed up

Step 3: On the left hand 'Include' column find your report - just start typing its name into the field labelled 'Actions' and you should find it (ignore the number that just means in this case it's the 1925th form on the system!) - you just need to know what your form is called and search for that.
