

What are event and forms for?

Events and forms are called 'actions' on Action Network.

Why use them?

They are a way of getting the subscribers on your list to interact and respond. Instead of sending them away from Action Network (e.g. to read a newspaper article or to sign up to a zoom) you keep them inside Action Network and therefore track responses.

You can use **forms** to do surveys, ask questions or collect more data on interests or skills.

You can use **events** for both in-person events with a physical location or for online talks, meetings, training etc.

If people fill in your form or event, you'll be able to see their response and learn more about the people on your list.

A list of useful [ready-made standard questions](#) are available for you to use.
