

Getting Support from XRUK

There are hundreds of actions a month across the UK, so supporting and promoting every one is impossible. The UK teams also have their own strategies, messaging and comms plans, so will always be on the look out for actions that feed into that.

XRUK can offer different types of support: ideas, logistics, money, comms, legal support etc.

The [Request XRUK Support form](#) can be used to request all three of the following at once:

- Listing your action/event on the Movement Calendar/Action Map
- Actions, logistics, legal, rhythms, action support crews etc
- Media and comms support

Short link to the form if you need to share it : <https://xrb.link/E9RA14kN>

For spicy actions please don't fill in the form, but instead contact Action Circle directly xr-action@protonmail.com.

And if there is any likelihood of arrests happening during the action, then [inform the Back Office team](#) so that your rebels can be supported.

Teams who process this form

Many teams are informed after you submit this form and meet at least weekly to process all incoming requests:

- Actions Carousel
- UK M&M
- UK Comms (non-M&M comms teams)
- Calendar admins (requests processed daily)

Actions Carousel

All requests for support from the XRUK actions circles (Actions, Action Support, Production, Creative, comms advice, etc), will be reviewed by the Actions Carousel who meet weekly. For complex actions or those that Actions Carousel need more information about, you might be asked to join this meeting to help the teams learn more.
