Community Building Workshops

There are now four different workshops on offer!

These workshops were successfully piloted in 2025. They will continue to develop, with more resources for groups to run workshops themselves as well as being run by members of the Community Building circle.

For full details and to request a workshop, visit this page on Community Building Workshops.

The Community Building circle has created a comprehensive resource on this topic, and you can find the book here.

If you have any questions, you can:

- message the Community Building Reception channel
- talk to your Nation/Region 'Gardener'
- email CommunityConnectors@protonmail.me

Nottingham - Oct 2025
