

OMBRA (Oppression, Movement Building & Our Relationship as Activists)

What is this training about?

OMBRA looks at how movements can be divided when oppression goes unaddressed, and offers practical tools to heal these divisions which affect our relationships as activists.

This workshop will address the importance of understanding the structural nature of oppressions (such as racism, sexism, classism, ableism, the oppression of young people, ...), as well as doing personal healing work – both of which are necessary if we are to work together effectively in a united movement.
