

Rebellion Academy

What is Rebellion Academy?

It is a learning environment of training sessions that you can work through, in your own time, at your own pace. It includes audio versions you can listen to, e.g. while out walking. New trainings are constantly being created. If there is anything you feel is missing please [contact us](#).

Rebellion Academy is **not** a calendar of training sessions, or a place for networking. XRUK offers interactive training with speakers while the Academy provides short courses to do **by yourself** on a range of topics, with videos and interactive quizzes to help you learn more about all things XR. Experienced Rebels can use Rebellion Academy to refresh their memories or catch up on training they have missed.
