

Street Outreach Training

Join a training workshop

Register here for the next [Outreach Workshops](#).

What is this training about?

- Growing our movement is a key task.
- To do this we need to be able to speak to the public and engage them.
- Our Principles and Values ask us to step up to challenges in this time of crisis. This workshop will empower you with top tips and simple skills to become an outreach hero!
- You don't need any experience or skills to participate in the workshop and if you've done outreach before and just want to brush up and refine your methods, then you're welcome to join too!
- You'll leave this workshop empowered with new skills and knowledge.

Format

Sessions are held over Zoom and last 1 hour.
