- Email: dirtywatercampaign@proton.me

☐☐ Join our Telegram channels:

- [Dirty Water Broadcast channel](#)
- [Dirty Water Live Content](#) and Chat

☐☐ Get our newsletter

☐☐ Sign up for [#dirtywater news](#)

Deep Water

Deep Water is an XRUK campaign group which focuses on flooding, sea level rise and effects of extreme weather caused by climate disruption.

Water pollution is directly connected to flooding and sea level rise so the two groups - Dirty Water and Deep Water- work closely together. You may want to check out the [Deep Water's Campaign page](#) for resources.
