Book Cover Designs for Rebel Toolkit

Book covers on the Rebel Toolkit are 440x250 pixels in size.

Here is an example

Because the Rebel Toolkit is viewed on a computer screen, tablet and phone, the 'safe' area for any text on the graphic should be similar to the example above.

If you design using software (Adobe, Affinity etc) that can utilse layering - here is a template that you could use to guide your designing.

Obviously all other considerations for accessibility and XRUK design style should be followed.

If you need help with a book cover, please contact the RT team with a brief explanation of how you would like your book cover to look.
