

# Day to Day Action Plans

Information coming soon with more details of each day for the week of actions.

## Monday 28th - Wed 30th Oct London

### Key info for London actions

#### Overview

Actions start from Monday at 11am in the City of London and will run through to Weds afternoon.

There will be ways for everyone to get involved from mass participation actions to 'spicier' targeted disruption. Think visits to insurer HQs, holding space, performances, music, Flash Mobs, drumming, outreach - cheeky and fun, but focused and determined to get our message through.

Details of each day will be added to the sections below and posted on the [Rebellion Broadcast](#) on Telegram.

#### Food

Lunch will be provided by 'Food For All' each day at the mass actions.

Please remember your tupperware and spork to eat with, we will not be providing disposable plates.

☐ XR is supporting FFA and Euston Food Bank through our main fundraiser [please click here to donate](#).

### Monday

☐ The climate crisis is rising – and so are we. It's time to take our message to those fuelling destruction.

☐ No more insurance for new oil, gas, and coal projects.

**Join us on Monday 28th October at 11am in City of London** as we march to the insurers, demanding they cut ties with the fossil fuel industry. We stand against the corporations

insuring the collapse of our climate.

☐☐ Wear blue to symbolise the rising waters.

☐☐ Bring boats, oars, life rafts – we'll flood the streets with our call for survival!

The insurers are propping up a system that is sinking us all. Together, we'll make it clear: no insurance for extinction!

**This is an emergency - and we are the response.**

**Tuesday**

**Wednesday**

## Thursday 31st Oct

**MANCHESTER** tbc

## Friday 1st Nov

**BIRMINGHAM** Meeting at 12:30 in Victoria Square
