

Messaging and Design

Insurance is the Achilles heel of the global fossil fuel industry. It's what gives companies such as Shell, BP and Exxonmobil the confidence to drill as the planet burns - by covering their operations against financial losses when things go wrong.

Without insurance, major oil and gas projects would not be able to operate.

Just 20 companies insure 70% of fossil fuel projects and a **large number of these companies are based in the UK**, mostly in the City of London.

Info and resources

To support your own action and media and messaging planning, here's a briefing on why we are targeting the insurance industry from our allies at the Insure Our Futures coalition.

- [We are all spokespeople!](#) - key facts to help with spokes, livestream and outreach.
- [Template press release](#) to help local actions.
- Watch the insurance [briefing video here](#) (22mins) - Note this 'IOF' video is from earlier in the year, so some situations may have changed, but the basic fundamentals are still valid.
- [Company Briefings](#).
- [Background on carbon bomb projects](#) (e.g. EACOP).

IOS Design

XR actions follow the [Design Programme](#) and colour scheme for consistency. IOS actions are using a streamlined palette of pink, black and white. Visibility of XR is key, so the symbol and/or logotype should be used wherever possible. You can also [download XR fonts here](#). The pink used in this action is R237 G155 B196 or #ED9BC4.

INSURE OUR SURVIVAL

It's time for the
insurance industry to stop
insuring our destruction and
dump the fossil fuel crooks
setting our world on fire!

PUBLIC - GENERAL

YOU COULD BE A CLIMATE HERO!

INSURANCE WORKERS

What do you call an insurance company
that says it's working to save the planet - but
insures fossil fuel crooks
that cause our climate breakdown?

PUBLIC - DURING HOWDEN ACTIONS

Three flyer designs used over the week of action in Autumn 2024.

If you need these flyers for a local action there are a couple of options.
