Trained Emotional Support Network (TESN) & Climate Psychology Alliance (CPA)

What do these groups do?

The Trained Emotional Support Network (TESN) provides supportive functions for both individuals and groups. The realities of the Climate Crisis and potential involvement in protests leave us all needing a little support at some point. TESN and the Climate Psychology Alliance (CPA) have a structured set of support offerings ready for you.

How can TESN and the CPA help you?

We are able to offer you three support options – see below for further information.

You can send an email to **tesn@tesn.uk** if you have a query. We will get back to you, but you will also receive an auto reply detailing the latest support information.

TESN are not involved in any actions, however, if you feel the information you wish to share is particularly sensitive please contact us on tesn@tesn.uk and we will then provide you with an encrypted Protonmail contact email address that you can contact us on.
