

# What happens next?

We hope that you have enjoyed taking part in the Massembly, and experiencing first-hand what it feels like to participate in deliberative democracy! Hopefully you should now have a clearer idea about how democracy could be upgraded and what XR is doing about it. So what happens next?

## See the initial results in the [summary report](#)

- We will use these results to help inform our thinking and plans for taking Upgrade Democracy forwards

## Encourage others to join the conversation

- We plan to run further assemblies using the same process, so that as many people as possible can take part.
- This may include inviting local groups to run their own assemblies, running a further online assembly, and using Pol.is directly to widen participation.
