STRATEGIC AIMS

We will not hold a movement-wide rebellion in a single location until we are ready, instead working **locally and UK wide** to build towards this.

1. Higher numbers
2. Wider spectrum of support
3. A mobilisation that can be sustained

XR UK will not plan for the next movement-wide mobilisation in a single location until we are ready for it. If the conditions are met, we will work locally and nationally to build towards the mother of all mass mobilisations in 2024.

The image features a solid pink background. In the center, there is a large black circle. Overlaid on this circle is the text "REBEL FOR TRUTH" in a bold, white, distressed font. The text is arranged in three lines: "REBEL" on the top line, "FOR" on the middle line, and "TRUTH" on the bottom line. The distressed font style gives the letters a rough, hand-painted appearance with some internal texture and irregular edges.

TRUTH**
