

# Logging in to your XR email account via Webmail

- In your browser, enter the URL <https://kennebec-lon.krystal.uk:2096/> that was provided with your login details into the location bar. You should see a screen like the one pictured below. Note that many organisations use identical looking log-in screens, so make sure you've entered the correct URL to get here.

The logo for Webmail, featuring the word "Webmail" in a bold, orange, sans-serif font.

Email Address

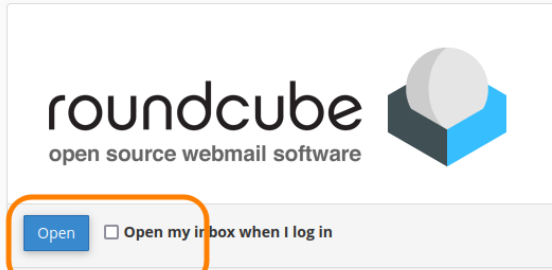

Password

[العربية](#) [čeština](#) [dansk](#) [Deutsch](#) [Ελληνικά](#) [español](#) [español latinoamericano](#) [español de España](#) ...

- Enter your email address. Do not enter a plus address here (e.g. `trumpton+outreach@extinctionrebellion.uk`; see [this page](#) for more on plus addresses), just enter the main address (eg: `trumpton@extinctionrebellion.uk`).
- Enter your account password.
- If you don't immediately see your inbox, click on 'Open' under 'Roundcube'. You may wish to select the 'Open my inbox when I log in' tick box in order to skip this step in future.

The Horde webmail application has been removed in cPanel & WHM version 108. All Horde email, contacts, and calendars will be automatically migrated to Roundcube. For more information, read our [cPanel Deprecation Plan documentation](#).

### Open your inbox

The Roundcube logo is displayed with the text "roundcube" in a large, bold, sans-serif font, and "open source webmail software" in a smaller font below it. To the right of the text is a stylized 3D cube icon. Below the logo, there is a blue button labeled "Open" and a checkbox labeled "Open my inbox when I log in". The "Open" button is highlighted with an orange border.

### Set up email on your device

Select the device you will use:

Enter an email address that you can access from your device:

Select the configurations that you would like to set up:  
 Email  Calendar  Contacts
