

# Rebel Toolkit

## Searching the Rebel Toolkit

The **Rebel Toolkit** has a search function available from the box at the top of every page, or, on narrow screens, from the menu. Below is an example of this.

Search : **nonviolent direct action**

[View result here](#) - this picks up part of the RT where any of those words appear.

## Contributing to the Rebel Toolkit

The Rebel Toolkit design, structure and style is managed by the Rebel Toolkit team, but the content is a collaborative piece of work. Many XRUK circles maintain and update their own content. Also any individual, community or local group could submit content to be woven into the appropriate book. [More information can be found here.](#)
