Inclusivity

> **Principle 6: We welcome everyone and every part of everyone:** working actively to create safer and more accessible spaces.

It is our goal to genuinely welcome everyone regardless of who you are, how you look or how you live. We ask everyone who joins us to help make XR as safe, compassionate and welcoming as possible.

Here are some example groups that provide communities of shared self-identity:

Digital Rebellion

Digital Rebellion exists so that everyone can take climate action! If you can write a letter or send an email or make a phone call you can take part. You will join others all working together to make your lone voice part of a heavenly chorus.

Inclusivity principles

We use XR Principles of Inclusivity (Google doc) and Diversity & Inclusivity at Actions (Google doc) to provide for the needs of as many people as possible. We welcome every person but not every behaviour. If you have needs or concerns, please do get in touch with the people organising the event that you want to take part in - we want to help you. If you see barriers to inclusivity, please let organisers know so they can work to sort things out.
