

# Welcome to XR For New Joiners

□ Hello and Welcome to XR! Thank you for stepping up. Please look on this chapter of the Rebel Toolkit as your personal "Guide Book" to key information about XR. Here you will find all the links mentioned in the national online Welcome to XR talk, and some additional reading. If you attended a local talk, you will also find lots of useful information in this chapter. First, have you recently signed up for the mailing list, or joined an action or an XR group? Share your experience in an interview with a researcher! They would like to hear how you experienced the initial contact and spending time with XR. As reimbursement for this online interview (max. 60 min) you will get 15€. Everyone who is older than 15 years and feels kind of new in XR is welcome (also people who joined and were in another movement before). This is part of an international research project based at the University of Amsterdam. You can find more information and the sign-up for the interview here: <https://tinyurl.com/interview-climate-activism>. For any questions or feedback contact Anna [email: [a.a.sach@uva.nl](mailto:a.a.sach@uva.nl), Mattermost: [@anna.sach](#)}. We're looking forward to hearing from you. Thanks a lot!

# Taking That First Step

Hello! You may have been motivated to join XR because you've decided that you must take action now. Or maybe you simply want to find out more about XR and increase your knowledge of the Climate and Ecological Emergency (CEE). Still, taking that first step can be a challenge.

This **1.44 minute video** made by a new member - Shelley - might help reassure some of you.

Within XR we acknowledge that our increasing awareness of what we're all facing can sometimes lead to feelings of anxiety and sadness and many struggle with these emotions.

For some, making connections with other rebels helps hugely; we are not alone anymore. Joining in, and trying to be part of the solution, is empowering and liberating since 'Action brings hope'.

XR is also a family with lots of support available when it's needed. **XR's Trained Emotional Support Network** offers the Rebel2Rebel active listening service and how to access 3 free sessions with the Climate Psychology Alliance.

There are also XR support groups such as Listening Circles and Empathy Cafes, as well as lots of courses and support from the Regenerative Cultures Team. You can find these in a number of places, such as the XRUK website Events page, Facebook and on a chat app that XR uses called Telegram - a bit like WhatsApp. All the links you need are in this chapter.

**If you're new to XR, do have a look round our website!**

- **XRUK website**

And here's **The Climate Quiz - online or a printable version** - share it with your friends and family. It could be a way to open a conversation about the emergency.

If you registered for **Welcome to XR** but weren't able to join and would like to join another time, the talk takes place every Tuesday evening from 7-8.30pm and you're warmly invited to stay until 9pm as we allow 30 minutes for questions and discussions after the session.

Alternatively, you can watch a **Video recording - Welcome to XR! [10th May 2023]**

This link **Welcome to XR - Slides** takes you to a full slide presentation though we only use a few during the Welcome to XR session. Some of the slides contain their own clickable links.

Stay safe and look forward to seeing you again.

# How XR started and where it is going

**How Extinction Rebellion Was Born** - watch and share this 6-minute video about Extinction Rebellion.

**Declaration of Rebellion** - a powerful and emotional statement read outside the Houses of Parliament when Extinction Rebellion was launched in October 2018.

In April 2023, tens of thousands of people took to the streets around the Houses of Parliament in London, for The Big One, a four day, family friendly event. XR was joined by over 200 other groups and organisation of all kinds, to tell the Government that we demand an immediate transition from a fossil fuel economy to a green energy economy, and that a Government funded Citizens' Assembly be established to formulate plans for the transition. During The Big One, informal Peoples' Assemblies were held daily and XR's strategy for the coming year grew out of those Assemblies.

Read the **XR UK Strategy 2023-24**

The work we are all doing together can be stressful. To focus our minds and hearts on our mission, and our connections with each other and our planet, **The Vision Reminder** is read at every XR meeting.

Together, rooted in love, we are all we need.

# Getting Active and Learning More

You can become involved with XR in several different ways. Just choose the way that suits you best. Remember... it is okay to change to another kind of activity, but please step up and join us. If not you, who? If not now, when?

To find an XR group near you, or a Community Group:

**Join Us** - Local and Community groups map and contact information.

Keen to find out about a role and join a Working Group?

**Volunteer Website** - apply for a role or create an account to let us know your skills and interests.

**It's recommended that new XR members learn about Nonviolent Direct Action [NVDA]** and your protest rights, even for family-friendly actions.

- **Nonviolent Direct Action workshop** is an interactive, 3-hour session with breaks.
- Or you can take the - **NVDA module** on the Rebellion Academy (XR's online learning platform) in your own time. You will need to create an account on the Rebellion Academy so you can save your progress.
- **Know Your Rights[KYR]** (updated Nov 2023) - is key information for everyone. It's focused on UK [Westminster] law. For actions outside England and Wales, your local group or region or nation should be able to offer advice.
- **NB There have been changes to the Police, Crime, Sentencing & Courts Act.** For the most updated information please read the Know Your Rights info - linked above.

# ... And Finally ...

## Organising Can Cost A Lot

Thank you all so much for reading our chapter. The team at Welcome to XR hopes you found it helpful and interesting.

Extinction Rebellion relies on people like you to keep up the fight and our hope is that you choose to become involved with XR in whatever way you can.

We do have one more thing we'd like to ask you.

As you can imagine, trying to save the planet is pretty costly. Fossil fuel companies and polluters have their claws deep into government and are spending millions lobbying politicians to fight legislation that will impact their profits. Basically, they want to make sure it stays "business as usual". We can't let this happen, so we're asking for your help.

XR is funded entirely by generosity, and without individuals like you we couldn't do our work. We want you to become an XR regular giver; it makes such a difference. These are the most important givers as you allow us to make plans and act in ways that are most effective. We're asking for ideally £5 a week. If you can give a little more, even better - or you can choose a donation amount that works for you.

All you have to do is either scan the QR code below or visit [\*\*Donate For Life\*\*](#), and it'll take you to the page where you can become a regular giver.

You can give for as long as you feel you can and, when you feel you've done your bit, all the details for contacting XR are in the email we'll send you. It's so appreciated, so grab your phone, give it a scan and give us the support we need to keep up the fight for the future.

Thank you!
