

# Your roles

## Seeing all your Roles or Positions in all groups

Click on [My Roles](#) in the grey menu at the top of the [GROUPS](#) tab to see a list of all the roles you hold. There is a History option to show you all the changes to your role holding.

## Viewing your individual roles or positions

Select your role from the list.

The screenshot shows a web interface with a green header bar. On the left, there is a logo for 'THE HUB' and navigation tabs for 'SERVICES' and 'GROUPS'. On the right, the user's name 'NIKKI LOCKE' is displayed with a dropdown arrow. Below the header is a grey navigation bar with tabs: 'MY GROUPS', 'MY CONTACTS', 'MY ROLES', 'MY FORMS', and 'INVITE REBELS'. A circular menu icon is on the far right. The main content area has a breadcrumb trail: 'Back', 'Step back from this role', and 'History'. The title is 'ROLE - SHREWSBURY - FORM VIEWER'. The details listed are: Name (Form Viewer), Based On, Core Role (with a help icon), Private (with a help icon), Requires Group Permission (with a help icon, value: None), Role Holder represents this group in Group, Linked Role, Destination (with a help icon), Purpose (with a help icon), Accountabilities (with a help icon), Domains (with a help icon), and Approved (with a help icon). At the bottom, there is a table with columns: Login (Nikki Locke), Private (with a help icon), Took On (26 June 2023), and Until. A dark button at the bottom contains the text 'Back Step back from this role'.

If you want to step back from the role, press "Step back from this role". If you want to step back from lots of roles in one go, see below.

You cannot add yourself to roles or positions – only your Group Admins can add people.

Your group can ask your Group Admin to create new roles/positions, or edit the mandates of existing ones.

## Leaving a group

If you want to leave a group, click **Leave Hub Group** when looking at a group in the **GROUPS** tab.

The screenshot displays the user interface for a group named 'SHREWSBURY'. At the top, there is a green navigation bar with 'THE HUB' logo, 'SERVICES', 'GROUPS' (highlighted), and a user profile 'NIKKI LOCKE'. Below this is a grey sub-navigation bar with 'MY GROUPS', 'MY CONTACTS', 'MY ROLES', 'MY FORMS', 'INVITE REBELS', and a menu icon. A 'Back' link is centered below the sub-navigation bar. The main content area shows 'Midlands' and 'SHREWSBURY' as a 'Local Group'. Under 'Admin', there are links for 'Edit My Roles' and 'Leave Hub Group'. A sidebar on the left contains a list of menu items: 'More Info/Contact', 'Mandate', 'Roles', 'Services', 'Members', 'History', and 'Forms', each with a downward arrow. On the right, a preview of the 'XR Organism' for 'Shrewsbury' is shown, featuring a search icon, the group name, and two smaller circles labeled 'Group Ad' and 'Form Vie'. Below the preview are options for 'Search', 'Filter', and 'Tree View'. A 'Back' button is located at the bottom center of the page.

This will remove you from the Hub Group and from all the private areas belonging to that Hub Group. It will not remove you from public Mattermost channels and forums, but you can do this yourself in Mattermost and Forums respectively, if you wish.

## Seeing your roles in a particular group

If you have one or more roles in a group, you can see them by clicking on **Edit My Roles** when looking at a group in the **GROUPS** tab. (See screenshot above).

This shows all your roles in the group:

Private against a role means that only members of that group can see that you hold that role. This is useful if it is a spicy role you don't want everyone to know about. You can change this (remember to click Save to save the change).

If you click the little red x  against a role, then click Save, you will be removed from the role.

## Stepping back from roles

Click on **My Roles** in the grey menu at the top of the **GROUPS** tab to see a list of all the roles you hold. Then click on **Step Back From Roles**.

Back Save

This shows all your roles, all with **Step Back** ticked, and gives you the following options:

- Assign another user to the ticked roles
- Remove yourself from the ticked roles
- Leave the groups the ticked roles are in.

Bear in mind the following:

1. Make sure only those roles you are stepping back from are ticked - untick the ones you want to remain in.
2. If someone else has agreed to take on these roles, select that person from the drop-down list in **Replacement User**.
3. If you want to remain in the role for a while (e.g. to train your replacement), leave **Remove from Role** unticked. But if you want to step back straight away, tick it.
4. If you have Inviter or Group Admin permission in any of these groups, tick **Remove Group Permissions** to remove those permissions.
5. If you are stepping back from the groups altogether, tick **Remove From Hub Group**.

Then click **Save**.
