

# Banking, Finance and Divestment

Resources collated from work by XR, Tipping Point and other organisations to help you access the information you need to plan your actions and choose your targets.

## Getting organisations to move away from fossil banks

Focus on campaigning for organisations to switch their banking from the worst banks.

### **Bank Better Campaign Handbook** (by Tipping Point)

This excellent handbook gives the comprehensive info you need to run an effective campaign against an organisation who still use problematic banks.

[Full Colour version](#) / [Text only version](#)

### **Tailored support**

For XR Local Groups can be accessed by by contacting [bankbetter@tippingpointuk.org](mailto:bankbetter@tippingpointuk.org)

This support consists of:

- campaign planning
- researching the current banking of the target organisation
- suggestions of what banks they could move to
- connecting them up with similar orgs that are also considering bank switching
- training for LGs in how to run presentations about banks and how to negotiate with decision-makers
- campaign planning (actions/petitions etc)

### **WhatsApp community**

For people interested in getting organisations to switch banks - with sub-group chats for specific types of campaigns, e.g. Bank & Local Government, Banks & Universities, etc.

The link to the umbrella community is [here](#).

## **Tipping Point's How To Bankrupt A Fossil Bank**

Recording of this training delivered in January 2024, in collaboration with Switch It Green:

- [Access the webinar video here](#)
- Passcode: Jte9Zr\$1

## **Report on Barclays**

[Details of what's wrong with the new Barclays energy policy](#) (why not to trust them when they say they're not funding fossil fuels any more!)
